

WARRIOR SOFTBALL TRYOUTS

All girls interested in trying out for the school softball team will need to have a **SPORTS PHYSICAL** turned into the office no later than **July 17, 2017**.

Tryouts will be held at the GHMS softball field beginning on **July 25** (Tuesday) and last either two or three days depending on the amount of girls trying out for the team.

Tryouts will begin **promptly at 9am** and last until **11:30am**. Girls should **arrive early** to stretch out and throw. Please, **do not be late**. A roster will be posted on the doors of the entrance to the junior high around 3:30 on the concluding day of tryouts. All names listed on the roster will have made the team. **PLEASE UNDERSTAND THAT "MAKING THE TEAM," DOES NOT CONSTITUTE PLAYING TIME**. Also note all girls involved with softball will be expected to finish the softball season before starting basketball.

I would really encourage all girls interested in playing this upcoming school year to get involved in a summer league program of some sort (A travel team like the Flames, Express, Cobras, Peoria Park District, or GHAA). If you can not be involved with any of these leagues, I would strongly recommend going up to the diamond with a parent or friend **as often as possible** to hit, field, and play catch.

Girls should **bring their own water to drink** as it will be hot and there is a chance of becoming dehydrated.

Girls will also need to have **their own glove** and a **slider or baseball pants** because there will be sliding and diving involved. The school will provide bats and helmets, but the girls are more than welcome to bring their own. I have also attached a team schedule on the back; **please don't schedule vacation during the season if you plan on trying out for the team**.

For all girls who make the team, there will be a MANDATORY PARENT meeting on the following Saturday after practice. Parents must attend in-order for their daughters to play.

"There will come a time when fall will ask what you did all summer! How will you respond?"
